REO CHARLIE

Senior Frontend developer | JavaScript & React, Next, UI/UX Design

SKILLS

- **REACT/NEXT/JAVASCRIPT**
- **VUE/NUXT**
- **ANGULAR**
- **TAILWIND CSS/SCSS**
- **UI/UX DESIGN**

SUMMARY

Experienced Senior Front-End Developer with 8+ years of expertise in building dynamic, user-focused web applications. Proficient in HTML, CSS, JavaScript, React, and modern front-end frameworks. Skilled in creating responsive, high-performance designs while ensuring optimal user experiences. Adept at leading teams, managing projects from concept to deployment, and collaborating closely with design and back-end teams. Committed to continuous professional growth and staying ahead of emerging web technologies to deliver innovative, scalable solutions.

EXPERIENCE

-2017 - 2018: Foundation and Skill Building
  Example: Built a personal portfolio website using vanilla JavaScript to dynamically load project data, while focusing on making it fully responsive.

-2018 - 2019: Deep Dive into JavaScript and Frameworks
  Example: Developed a dynamic task management app using React and localStorage to save tasks, where users could add, edit, and remove tasks.

-2019 - 2020: Full-Stack Integration and UI/UX Design
  Example: Built an e-commerce website with a shopping cart system, integrating React for the front end and Node.js for handling the back-end logic.

2020 - 2021: Advanced React & Performance Optimization
  Example: Refined a real-time weather application using React, integrating a third-party API to display data dynamically and optimizing performance by lazy-loading components.

-2021 - 2022: Leadership and Project Ownership
  Example: Spearheaded the redesign of a company's internal dashboard, migrating it from a monolithic JavaScript application to a more maintainable, modular React-based architecture.0

-2022 - 2025: Scalable Solutions and Cutting-Edge Technologies
  Example: Led the development of a real-time messaging application with WebSockets, ensuring a seamless, fast communication experience, while maintaining a clean and modern UI.

EDUCATION

Technical University of Munch

2008 - 2012
